ABOUT THE PREPAREDNESS PROGRAM

BE READY. BE PREPARED. BE SAFE.

The Medical and Emergency Preparedness Initiative program is a series of monthly community based sessions developed to strengthen the residents and communities knowledge and skills surrounding medical emergency and environmental emergencies in the Flint and Genesee County community.

The program will consist of multiple sessions throughout Flint including local community centers, the Flint Public Library, and the Harris Family Health Learning and Wellness center. During sessions individuals will learn basic CPR and first aid, gain knowledge on emergency preparedness tips, recommendations, and resources for their home and neighborhood, and equip individuals with a starter emergency preparedness kit and locally focused emergency preparedness guide.

Dr Aisha Harris, MD is a Flint native and Family Doctor at Harris Family Health. She is board certified in Family Medicine and completed her training and education at the University of Illinois in Chicago and Georgetown University School of Medicine in DC. She is a community resource and health literacy advocate for prevention in the Flint and Genesee County community.

SESSION GOALS
